KOLORS® make life better | SINCE 1970

A Legacy of Excellence in Electrical Innovation

Kolors is a Fast Moving Electrical Goods (FMEG) Company that has cemented its position as a leading player in the industry. With an unwavering focus on quality, meticulous execution, and an extensive product range, we have established ourselves at the forefront of the electrical goods market.

Since our inception in 1970 as a small trading company dealing in electrical wiring accessories, we have come a long way. Gradually, we ventured into manufacturing electrical switches and fixtures for various sectors, including homes, offices, factories, airports, and hotels. Today, we take immense pride in being the creators of international quality products that are conceived, designed, and manufactured in India for the world.

Driven by a pursuit of excellence, Kolors offers a comprehensive range of switches, sockets, accessories, MCBs, LED lighting products, plug tops, wires & cables, lamp holders, doorbells, distribution boxes, home automation systems, and mounting boxes for diverse market segments. Our 5 state-of-the-art manufacturing plants, 14 depots, strong workforce of over 2000 individuals, with more than 10000 products and vast network of 5000 plus Channel Partners enable us to cater to a wide customer base across the globe.

At Kolors, we believe in the fusion of quality, sophistication, and style. Our relentless focus on innovation and proficiency has allowed us to deliver world-class products that exude grandeur and sheer class. With a wide array of offerings, we have something to suit every style of living, ensuring that our customers find the perfect solutions for their electrical needs.

Our commitment to excellence has been recognized through prestigious accolades, including being honored with the India Design Mark twice. These acknowledgments further validate our dedication to delivering products of unmatched quality and design.

Kolors is proud to be an Indian company that stands tall in the electrical goods industry. We continuously strive to raise the bar, bringing international standard quality products with our ultra modern state of the art manufacturing processes, which has helped us in claiming ISI, ISO, OHSAS & CE certifications. With Kolors, you can expect nothing less than superior electrical goods that enhance stylish living.

Our journey is driven by a simple vision—to redefine the way people experience electrical design. With Kolors, you don't just install a switch; you make a statement of style and sophistication.

Designed to Inspire.
Created to Excel.

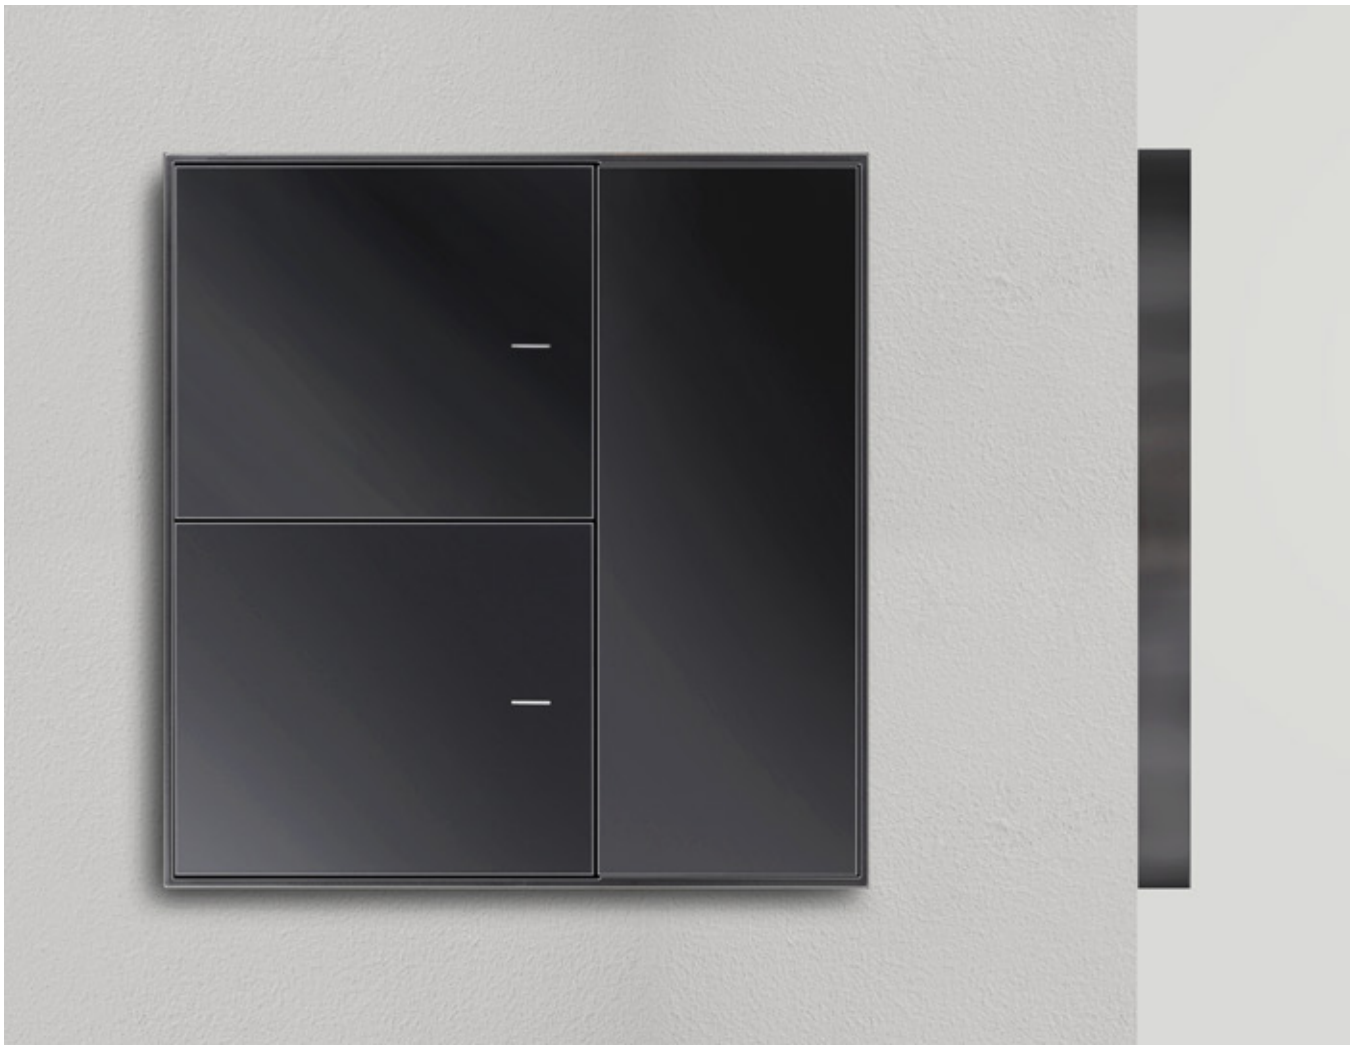

In every silhouette, in every finish, Opterra brings clarity to form and confidence to function.

It's not just crafted for homes or offices — it's created for visionaries. For those who see every product as a design decision.

From seamless profiles to precision-engineered performance, Opterra transforms control into an experience of excellence.

Designed to Inspire.
Built to Last.

In a world where technology often overshadows elegance, Opterra brings them into perfect harmony.

Every edge, every texture, every finish — crafted not just to perform, but to enhance the way we live, feel, and design our spaces.

This is more than a switch. It's a quiet declaration of intent — where design becomes an experience.

Sculpted with precision. Engineered with vision. Opterra isn't just installed — it's integrated into your story.

KOLORS®
make life better

Where Every Line is Considered. Every Surface, Intentional.

Opterra is a study in restraint — pure geometry, balanced proportions, and finishes that blend effortlessly into their surroundings.

With minimal profiles and crisp edges, each switch is crafted to complement modern architectural language, without distraction.

It's not just about how it looks. It's about how it feels, how it performs, and how seamlessly it integrates — into your wall, your touch, and your vision.

Opterra
Designed to Inspire

Crafted in form.
Defined by precision.

Refined.
Purposeful.
Sophisticated.

Minimalism Refined.
Presence Amplified.

Opterra
Designed to Inspire

Whether it's the pristine purity of Snow White, the understated elegance of Space Grey, or the bold depth of Jet Black, Opterra's finish options are designed to complement contemporary aesthetics.

Each variant is thoughtfully curated to harmonize with diverse architectural moods — from warm, earthy palettes to sharp, modern interiors.

Crafted with a refined matte surface and clean-edge detailing, Opterra isn't just designed to be seen — it's designed to enhance the spaces around it.

Effortless in Experience.
Essential in Function.

From dimmers and USB ports to data and power modules, Opterra reflects a unified design philosophy — clean, purposeful, and refined.

Every accessory is engineered for seamless integration and visual harmony, preserving the integrity of your design vision.

Form is never an afterthought.
Function is never a compromise.

Complete the Experience.

Snow White - SWE

Fan Regulator

Smooth, precise fan speed control — engineered for consistency, crafted for comfort.

Multi-Utility Module

Switch, socket, and USB — a versatile trio designed to power multiple devices with seamless ease.

Space Grey - SPY

Jet Black - JBK

16A Power Unit

A compact switch and socket solution that safely handles high-power needs without compromising on design.

PRODUCTION

Precision-Made for Design-Driven Spaces.

Crafted in advanced manufacturing facilities, Opterra products are built to meet the creative and functional demands of modern architecture. Every detail — from proportion to finish — is engineered for flawless alignment and seamless integration across diverse interior styles.

TECHNOLOGY

Engineered for Intuitive Living.

Behind its sleek form lies a core of advanced engineering. With features like low-profile mechanisms, precision contact points, and smooth actuation, Opterra delivers a tactile experience that's as refined as the spaces it inhabits.

QUALITY

Reliability You Can Specify With Confidence.

In projects where every element matters, Opterra stands for trust. Built using premium materials and tested to global benchmarks, it ensures durability, safety, and long-term performance — making it a reliable choice for every specification.

Smart Design

Matte Glass Finish, engineered with anti-glare and anti-smudge properties.

Opterra's surface resists fingerprints and maintains its velvet-smooth texture — even with frequent use.

KOLORS®
make life better

Looks like Satin.
Feels like Feather.

Opterra's matte glass surface is smooth like satin, and gentle to the touch — offering a soft, luxurious feel with every interaction.

Its feather-light push action adds to the experience, making every press feel effortless and precise.

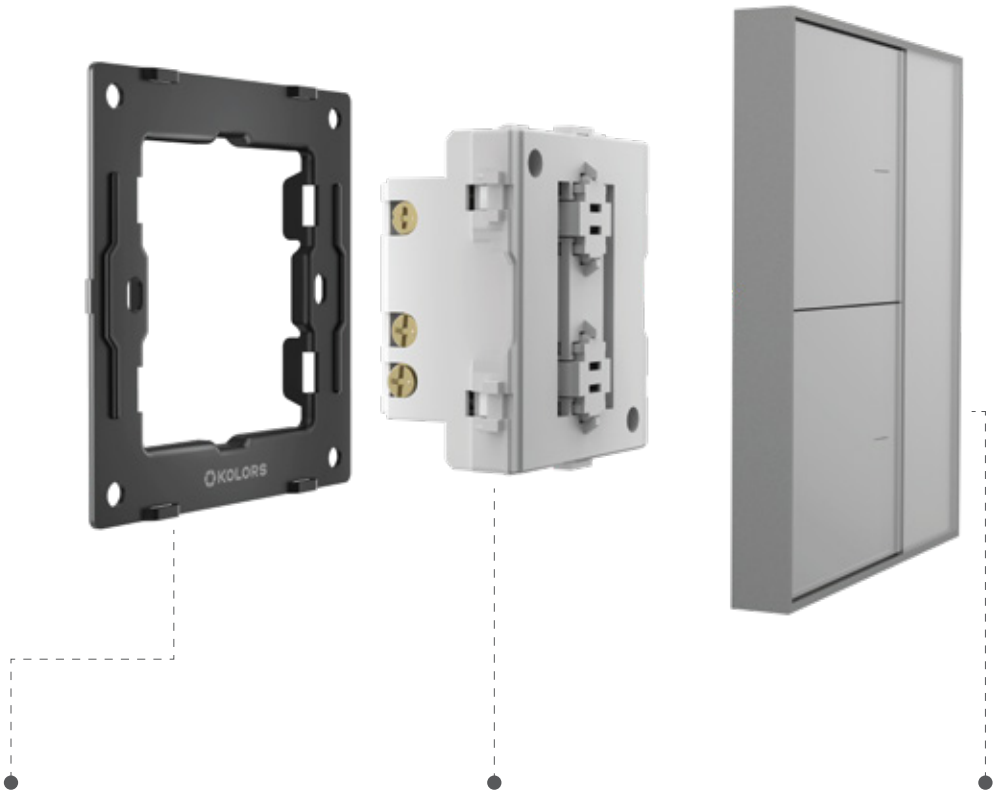

Designed for comfort, crafted for elegance — Opterra turns the everyday touch into a moment of quiet luxury.

Opterra
Designed to Inspire

EXPLODED VIEW OF SWITCH

Designed to Inspire

Smartly engineered internals.

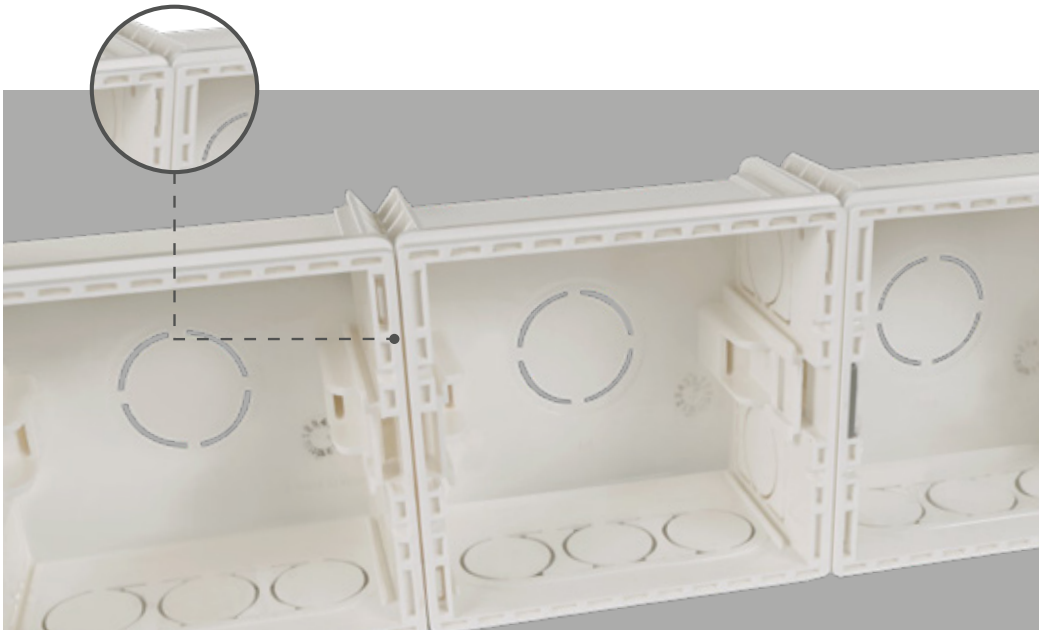

Mounting Plate
Powder-coated metal plate for longer life which provides the necessary strength, preventing bends and lending support to modules against pressures caused during installations and applications.

Module
Switch module featuring a push-to-ON, push-to-OFF mechanism, enclosed in flame-retardant, engineering-grade plastic housing.

Face Plate
Combination of natural materials with an engineering plastic base for enhanced durability and aesthetic appeal.

Interlocking clip and
mounting box system

Beauty in Alignment. Brilliance in Function.

With Opterra 2-module PVC concealed boxes, installation becomes an art form.

Our unique interlocking clip and mounting box system ensures perfect alignment, zero visible gaps, and seamless modular expansion.

Whether you're installing a single Module, double Module, or multiple Modules units — every detail locks in effortlessly.

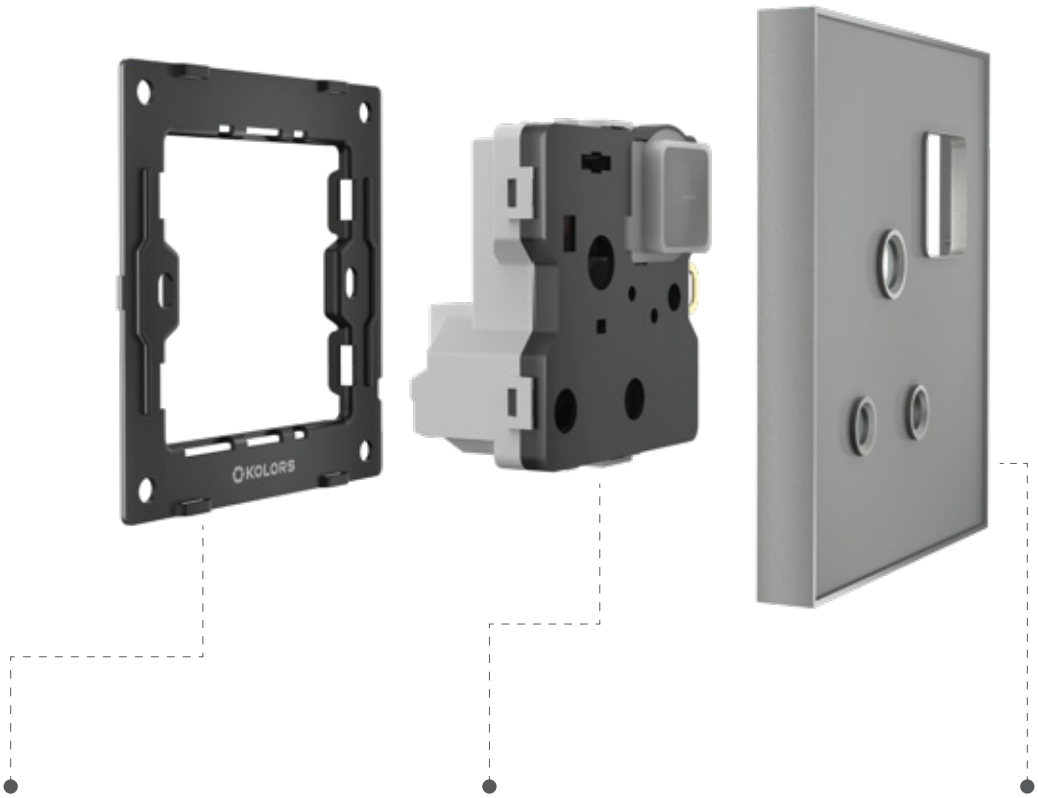

Engineered for seamless installation.
Designed to complement every space.

KOLORS

EXPLODED VIEW OF SOCKET COMBINATION

Designed to Inspire

Built to perform, built to last.

Mounting Plate
Powder-coated metal plate for longer life which provides the necessary strength, preventing bends and lending support to modules against pressures caused during installations and applications.

Module
Switch and socket module enclosed in flame-retardant, engineering-grade plastic housing for safety and performance.

Face Plate
Combination of natural materials with an engineering plastic base for enhanced durability and aesthetic appeal.

A Cohesive Range. Configurations That Flow.

With compact 2 module configuration, Opterra adapts to every space — without compromising design flow.

Whether for minimal touchpoints or multi-functional panels, each frame retains the same visual harmony, material integrity, and sleek finish.

For architects and designers, this means total freedom — to seamlessly align, and specify with absolute consistency across projects.

Opterra
Designed to Inspire

Where Art Meets Interface. Designed to Inspire.

This is Opterra at its most expressive —
where technology, materiality, and tactile experience merge.

A striking dual-finish panel balances texture with touch —
Made for easy use and bold, beautiful presence.

Whether it's intuitive switching or seamless smart integration,
this variant transforms everyday utility into architectural
elegance — elevating every interaction into a refined gesture.

Disclaimer

- The print process does not allow for the exact reproduction of the material, color, print, and finishes of the products. Actual products may vary from those shown in this catalogue.
- Due to the inherent nature of the raw materials used in the cover plates, as well as environmental, climatic, temperature, and lot-to-lot variations, the finish and color may vary from piece to piece — which is beyond the Company's control.
- The Company reserves the right to modify or change product designs and specifications in the future without prior notice. Similarly, colors and finishes are also subject to change without notice.
- "Kolors" is a registered trademark of Kolors India Private Limited.
- The Kolors logo is a trademark and the property of Kolors India Private Limited. Misuse of any intellectual property or content displayed herein is strictly prohibited.
- The data and images shown here are indicative and may be revised without prior notice.

Warranty Policy

- To avail of the warranty, the original invoice/bill must be produced. Claims without the original invoice will not be entertained.
- The Company undertakes to replace or repair products at its discretion if found defective due to faulty materials or workmanship, within five (5) years from the date of manufacturing for switches (without indicator) and power sockets.
- For all other Kolors Opterra products, the warranty period is one (1) year from the date of manufacturing.
- The warranty will be void if the product has not been installed or maintained according to the Company's instructions, if attempts have been made to rectify, dismantle, or alter the product, or if the original mounting boxes provided by the Company have not been used.
- All Kolors products must be opened and repaired only by personnel trained and authorized by Kolors India Private Limited. Unauthorized servicing voids all warranties and liability.
- The Company shall not be liable for damages arising from incorrect installation.
- Any attempt to rectify, dismantle, or alter the product may result in electric shock or product damage, for which the Company is not responsible. The Company is also not liable for any consequential loss, damage, or installation costs resulting from such attempts.
- The warranty does not cover any consequential loss, damage, or installation costs arising from a defective product.
- Kolors does not warrant any third-party products, associated hardware, or their performance or suitability for use or application.
- The warranty does not cover product or component failures caused by natural disasters such as lightning, floods, hurricanes, tornadoes, fires, or other events beyond human control, including non-availability of parts, product discontinuation, labor issues, government restrictions, public unrest, war, or other unavoidable circumstances.
- Limitation of Liability: The Company shall not be liable for any special, indirect, incidental, or consequential damages, including but not limited to loss of profit, revenue, or data (whether direct or indirect), or commercial loss arising from a breach of any express or implied warranty, even if the Company has been advised of the possibility of such damages.
